Figures are counted at the rate of five figures to a word. For example, "38563" counts as one word. Fractions are counted according to the number of figures employed, one figure being added for the mark of division; thus "½" counts as one word, "⅓" as one, "109½" as two. Initial letters are each counted as one word; but exceptionally the initials of the London Postal Districts are counted as one word for each group. Thus "S.W." is counted as one word. All names of towns and villages are counted as one word each; thus, "Malvern Wells" counts as one word; but all other names are counted as compound words if composed of more than one word.

Nothing whatever may be attached; nor may the card be folded, or otherwise altered. If any of these Rules be infringed the card will be charged 1d. on delivery. The official stout cards are sold at the rate of 4d. per half dozen, and 6s. 8d. per parcel of 120; the thin cards at 3½d. per half dozen, and 11s. 8d. per parcel of 240. *Reply Stout Cards* are sold at 8d. per half dozen and 6s. 8d. per parcel of 60; *Reply Thin Cards* at 7d. per half dozen and 11s. 8d. per parcel of 120. CARPET DEPARTMENT.

THE modern tendency to introduce into our houses artistic effects and harmonious combinations, has probably affected nothing more than the various Floor-coverings which now appear in so many and novel forms. Not only are colourings and patterns more varied, but entirely new fabrics have been produced, several of which show such marked improvement on the older materials, that they are rapidly gaining favour; in order to place before their Customers the most recent and durable of those manufactured in this Country, J. S. & Co. are constantly making selections from works of the foremost designers, and it is then an established rule of the Firm to have the goods produced only by manufacturers of established repute; in many instances, and to lessen the cost of production, J. S. & Co. are enabled from their large connection, to dispose of all that can be manufactured during twelve months, and thus have on show goods of the highest standard at very moderate prices. In respect to

ORIENTAL FLOOR-COVERINGS.

J. S. & CO. are regularly receiving deliveries from their special Agents in Turkey, India, Persia, and China, of Carpets, Matting, and other fabrics, both ancient and modern, and which are admirably suited to the style of furnishing now prevalent in this Country. Carpets being the basis of all room decorations, are, with advantage, selected before the furniture or wall papers are decided upon, and, when possible, J. S. & CO. respectfully point out the advantage of being able to visit their show-rooms, where the large and varied stock enables Customers to gratify the widest diversity of taste, and see the effect of goods in large surfaces, and in differently lighted rooms, as may be best adapted to their various requirements. When, however, this is impossible, J. S. & CO. have a special department under careful supervision, from which samples are submitted in Town or Country, and, when desired, a competent assistant is sent to exhibit them, and give every information that may be required. Experienced workmen are sent to all parts to take measurements, free of charge, except where the third class railway fare exceeds one shilling, so that a correct fit is guaranteed.

If preferred, however, Customers may measure their own rooms, without being drawn to a scale, but in a similar manner to the plan annexed.

The following descriptions are given in order to assist Customers in their selection:—

CARPET DEPARTMENT—ORIENTAL.

LINOLEUM, CORK CARPET, CORTICINE, AND AIR-DRIED OILCLOTHS.

ORIENTAL CARPETS.

The demand for Eastern Carpets, increasing within the last few years to such a great extent, has enabled J. S. & Co. to hold in their ware-rooms a selection which would have been deemed overwhelming a short time back. These goods are naturally of such great variety, both in shape, design, colouring and quality, that it would be unfair to quote prices at per square yard or foot, each Carpet having its own special merit which constitutes its real value. Upon receipt of dimensions, either of room or Carpet required, a complete stock list will be forwarded.

J. S. & Co. would respectfully notify to their Customers that these goods, in common with all pile Carpets and Rugs, either of English or foreign manufacture, give off during the first few months a certain quantity of fluff, which however in no way diminishes the quality of the materials, but is simply the loose wool which it is impossible to completely eradicate after the piles have been shorn. Should loose tufts appear, it is necessary to cut them and not pull them out; it is also advisable in all these goods, when sweeping, to let the broom or brush go in the direction of the pile.

TURKEY CARPETS

(OF FIRST QUALITY)

are specially manufactured and imported by J. S. & Co., in which only the best wool and cochineal dyes, or occasionally madder are used. These latter are particularly adapted to some of the modern soft-toned decorations, where the old-fashioned bright coloured Carpet would be glaring and inappropriate. Rugs of all sizes are kept to match, either for hearth, wall or billiard table surrounds. Special colouring, shapes and sizes can be made and imported in about three months. Turkey Carpets, on account of their rich and harmonious colours and unusual thickness of texture, are largely used in the dining room, library, public and professional offices, as also for stairs and, where practicable, for halls and landings. It is now universally acknowledged that, considering their great durability, there is nothing more economical.

J. S. & Co. are also having made at Ouchak, Turkey Carpets in colourings of an entirely novel character, specially suited for drawing-room use, all sizes will be kept in stock, and arrangements made for shipments to leave Smyrna every month.

- The prices of these Carpets are moderate, and they can be strongly recommended for wear.

INDIAN AND PERSIAN CARPETS

(IN ALL SIZES).

DAGHESTAN AND FERAHAN RUGS.

INEXPENSIVE SCINDE AND KURD RUGS.

SADDLE BAGS AND KELIMS, &c.

SURROUNDS.

Since the Foreign and British Central Carpets have been so greatly appreciated, Surrounds have been almost universally adopted as an agreeable and serviceable substitute to stained or varnished boards, and are usually laid from 1 ft. 3 in. to 2 ft. wide, which, however, chiefly depends on the size of the room; they are sometimes extended under the Carpet or Rugs.

The following are the varieties mostly used—

WOODEN PARQUET, price from $10\frac{1}{2}$ to $3\frac{1}{6}$ per square foot.

FLOORCLOTH (from $1\frac{1}{6}$ to $3\frac{1}{3}$ per square yard) in striking imitation of real Parquet.

LINOLEUM CORK CARPETS and CORTICINE (at $1\frac{1}{6}$, $2\frac{1}{3}$, $2\frac{2}{9}$ and $3\frac{1}{-}$ per square yard) with the same effect as the Floorcloth, or in plain art colours, sage, terra cotta, &c.

PLAIN DYED FELT, 4 ft. wide in all shades (at $3\frac{1}{3}$ and $3\frac{1}{6}$ per yard).

KALMUCK and TWILL (from $1\frac{1}{10}$ to $2\frac{1}{8}$ per yard in all fancy colourings). ($1\frac{1}{8}$ to $1\frac{1}{11}$ per yard in plain grey).

This is a thick reversible material, 36 inches wide, and is also made in narrow widths for stairs and passages.

CHINA MATTING

is also a very useful Surround, it is a material which of late years has considerably improved in quality, and now takes a very prominent position amongst the floor-coverings in use. J. S. & Co. through their Agents in China, have secured some of the best workmen to manufacture for them, and in the make new straw only is used; the varieties of pattern are very numerous, and through their direct importation, J. S. & Co. are able to offer to their customers a considerable saving in price than heretofore they have been able to do. The widths kept in stock are 18 in., 27 in., 36 in., 45 in. and 54 in.; price from 10d. to $2\frac{1}{8}$ per yard, also in mats for washstands, dressing-tables, &c., 36 in. by 27 in., 48 in. by 27 in., 48 in. by 36 in., 54 in. by 36 in., 72 in. by 54 in.

J. S. & Co. frequently plan and fit the matting to cover all over the floors, forming as it does a very agreeable background for the arrangement of Rugs, Mats, &c., it is also now much in use for dados, for bath-rooms, boudoirs, vestibules, &c., and is then firmly fixed with a narrow and inexpensive wooden beading.

With the increased consumption of China Matting a demand has been created for novelties in style and colouring, which J. S. & Co. are making special efforts to supply. The other surrounds for Carpets are plain Brussels, Burmese and Wilton, but being all more costly they are not so much sought after.

SEAMLESS CARPETS OF BRITISH MANUFACTURE.

First among these is the hand-made AXMINSTER manufactured at Wilton, which can be produced in any shape or design, at 17/- to 38/6 per square yard. These are similar to those, as originally manufactured, for which William III. granted a charter. Next to these rank the patent Axminster, woven in one piece, which can be produced in all colours and designs, whether English or foreign, and varying in price from 10/9 to 32/6 per square yard. The variety of sample carpets in this make are always on show, and can be made to suit the dimensions of any room in a few weeks. There has also been recently introduced a less expensive seamless Axminster, and of which J. S. & Co. keep an assortment in the following sizes:—

10' 0" x 6' 0" price £3 10 0	13' 6" x 12' 0" price £9 9 0
10' 0" x 7' 6" " 4 7 6	15' 0" x 12' 0" " 10 10 0
10' 0" x 9' 0" " 5 5 0	18' 0" x 13' 6" " 14 3 6
12' 6" x 10' 0" " 7 0 0	

Amongst other inexpensive Seamless Carpets are the

VELVEEN, TAPESTRY, ANGLO INDIAN, KELIM AND SOUTH KENSINGTON.

The Velveen, manufactured from extra thick felt, the colourings of which are generally Olive and Brown; also Terra-Cotta and Peacock, both in plain and figured centres. Altogether, there are but few patterns produced, but they are well designed and effective. They are also frequently used in place of Druggets. Sizes:—

8' 0" x 7' 6" 18/9	12' 0" x 10' 6" 39/6

SOUTH KENSINGTON ART CARPETS

Are very inexpensive, and when manufactured of the best wool they will be found serviceable. The beneficial effects to be attributed to the prevailing desire for central carpets is largely owing to the introduction of these Art squares by J. S. & Co. some few years back. It is a branch of their Carpet Department to which they have given very careful attention, feeling assured that the superiority of carpets that are easily taken up over the closely-fitted carpet would soon cause a greatly increased demand. The South Kensington Carpets are in reality the best Kidderminster Carpets, manufactured without joins. The designs are mostly in the Art shades, such as Terra-Cotta, Peacock, Sage, Olive, and Dark Red.

ENGLISH CARPETS.

(IN BREADTHS)

Foremost amongst these is the :—

SUPER ROYAL AXMINSTER, 27" wide, at 9/6 per yard, which, for its long pile and great durability, is unrivalled. When made up it has the appearance of a thick hand-made Axminster at less than half the cost.

PATENT AND VICTORIAN AXMINSTERS, 27" wide, at 5/6, 7/6, and 10/6 per yard, are made by an entirely new process, and, being of close texture, presents a very even and lustrous effect. Many of the examples are high-class exhibitions of floral decorative art, and are specially suited for use in Drawing Rooms, Boudoirs, &c.

ROYAL AND GORDON AXMINSTER, 27" wide, at 5/9 and 6/0 per yard. These fabrics being of a coarser and thicker manufacture than breadth Axminsters already mentioned, are admirably adapted for Dining Room and Library wear: many conventional and Early English designs are kept in stock, J. S. & Co. have directed their special attention to the reproduction of Oriental Carpets in these materials, and a large number of designs have been produced; they are mostly selected from the best specimens of antique carpets, and have the rich and mellow colours so rarely found in modern Oriental productions. The characteristic regularity in colours and designs of Eastern carpets has been carefully preserved, and in many cases they are quite equal to the originals.

SAXONY VELVET CARPET, 27" wide, at 7/6 per yard, is a serviceable hard-wearing Carpet.

WILTON CARPETS, 27" wide, at 4/9, 5/3, 6/0, and 6/6 per yard, manufactured in Jacquard looms, have a soft and luxurious appearance. Not only are they suited for use in principal rooms, but owing to the wire-like wear they offer, they are much in demand for Staircases and Landings, and, in common with the other pile fabrics, are made for that purpose in 22½", 27", and 36" wide. For hotels, clubs, railways and public offices where there is great exposure, J. S. & Co. specially recommend the velvet pile Carpeting, made usually with mottled or plain centre and effective border for stairs, passages, &c., while the body Carpet with corresponding beading is used for vestibules and landings. A special quality, with mouse-coloured centre and coloured border, is supplied at—

22½" wide	27" wide	36" wide	45" wide	54" wide
4/4 per yard.	4/11 per yard.	7/2 per yard.	9/6 per yard.	10/9 per yard.

A similar Carpet in effect, but with a loose pile, is now being introduced for the same purpose at the following low rate—22½" wide, 2/6; 27" wide 2/10.

The best horse-hair Stair Carpets, well adapted for hard rough wear, and produced in similar colourings to the above, are supplied at—

22½"	...	3/6 per yard.	27"	...	3/8 per yard.	36"	...	5/2 per yard.

BRUSSELS CARPETS.

The terms of Best Brussels and Five-frame Brussels, which formerly conveyed to the purchaser a guarantee for durability of material supplied, is now simply used by carpet manufacturers and dealers of all grades, to signify their respective BEST QUALITIES, and affords no protection, whatever, to the customer as to the genuineness of the article supplied. The departures from the original standard being so varied, J. S. & Co. strongly advise all intending purchasers to carefully examine the qualities before selecting as whilst Five-frame Brussels can be supplied at so low a rate as 2/9 per yard, well-made and best goods range from 3/6 per yard; an inspection will clearly prove the true economy of purchasing the latter; a good Tapestry Carpet, generally, giving greater satisfaction than those Brussels which are manufactured from wools of low qualities.

J. S. & Co. have had specially made for them during recent years, large quantities of the EXTRA QUALITY BRIDGNORTH and SPECIAL SIX-FRAME BRUSSELS, and having tested their wear in several of the best Hotels and Clubs in London, they can confidently recommend them as being much cheaper in the long run than any others. They are also made with Borders, and for Stairs in all the widths.

BRUSSELS CARPETS for Bedrooms, 2/9 to 3/3 per yard.
BEST QUALITY, new designs, 3/6 to 3/8 per yard.

EXTRA QUALITY BRIDGNORTH and SPECIAL SIX-FRAME
BRUSSELS, 4/- to 4/6 per yard.

Patterns of any of the above sent free on application.

PATENT BRUSSELS or TAPESTRY, 27 inches wide, at 1/10, 2/-, 2/2, and 2/6 per yard.

J. S. & Co. hold a large and varied stock of the above, which, in many cases, offer exactly the same effect as Brussels, but, being printed in the warp instead of woven, the backing sooner becomes evident; however, for moderate requirements they can be safely recommended, and are supplied with Borders.

Amongst other inexpensive Carpets, are:—

KIDDER, 36 inches wide, at 1/11, 2/3, 2/8, and 2/10 per yard.

KIDDER, Extra Quality, at 3/0 and 3/3 per yard.

BEST THREE-PLY, at 4/0, 4/3, and 4/6 per yard. Very thick and durable.

KALMUCK, Art Shades, 1/11, 2/3, and 2/8 per yard.

BURMESE, 36 inches wide, at 4/0 per yard.

WOOL DUTCH, Plain and Striped, at 2/0, 2/3, and 2/6 per yard.
Although this material is somewhat old fashioned, it still retains its position of excellence for rough and hard wear, and is well adapted for servants' rooms and nurseries.

LINEN DUTCH, at 8d., 10d., and 1/2 per yard.

FELT CARPETS, 52 inches wide, Printed, from 2/3 to 2/11 per yard.

THE ILLUSTRATION REPRESENTS THE THREE DIFFERENT COLORINGS ALWAYS IN STOCK.

James Shoolbred & Co.'s Special Design.

The Manufacture of Brussels Carpets.

BRUSSELS CARPET is a fabric in which the surface is composed of worsted threads arranged in rows of loops or arches, by which means the elasticity of the wool is utilized for resisting wear. It is composed of a series of layers or frames of worsted, which are alternately brought to the top to form the pattern, those which are not in use lying underneath and forming, when the wool selected is of good quality, an elastic back, which assists the wear-resisting powers of the surface. The loom for weaving Brussels Carpet is a beautiful piece of self-acting mechanism. The surface is produced by the insertion of wires, over which the warp is tightly stretched, and which, when withdrawn, leave the rows of loops that form the surface. The pattern is produced by the Jacquard machine, in which a series of cards pierced with holes according to the design required causes the various threads of worsted to rise to the surface in their proper places. From the nature of the fabric the number of colours which can be used is limited. So far as is known Brussels Carpets were first made at Tournai, in Belgium, and they were first woven in England at Wilton, in Wiltshire. Like most other materials for floors, a Brussels Carpet requires more care when newly laid down than after it has been in use and the pile has been flattened by wear. When Brussels Carpets are laid on Stairs they should be frequently shifted, so as to bring all parts in turn under the tread. The more frequently this is done the better and more evenly the Carpets will wear, and the slight trouble will be more than repaid.

GENUINE BEST BRUSSELS WILL ALWAYS WEAR WELL.

JAMES SHOOLBRED & CO.

COVERINGS FOR CARPETS.

The material mostly sold for this purpose is what is known as Linen Crumb Cloth, which is used not only to protect Carpets, but is also frequently laid down for Dancing Carpets; the colours mostly in use are Drab and Slate, with a small rose or leaf design. They are also made in Dark Red, and in checks and coloured stripes.

RUGS AND MATS.

The great demand for all descriptions of Foreign Rugs, to such an extent as to completely exhaust some districts, has had a most beneficial influence on the manufacturers of this country, having stimulated them to produce patterns in continual diversity of designs, mostly taken from the examples laid down by their Eastern competitors. The varieties produced are the DAGHESTAN, PERSIAN, MECCA, TANJORE, SADDLEBAGS, and KHYBER RUGS. They are made to fit in doorways, as well as in all sizes for the hearth, or for such purposes as the Oriental rugs are used. The town-made rug, which was formerly much in use, is now rarely sold.

Another branch in which J. S. & Co. have successfully introduced the artistic element is that of Cocoa nut Mats and Mattings. The Mats are kept in stock in the following sizes:—

No. 3.	No. 4.	No. 5.	No. 6.	No. 7.	No. 8.	No. 9.
2' 6" x 1' 6"	2' 9" x 1' 8"	3' 0" x 1' 10"	3' 3" x 2' 0"	3' 6" x 2' 2"	3' 9" x 2' 4"	4' 0" x 2' 6"

and in slips for doorways, 2' 6", 2' 9" and 3' 0" long. They can also be made in a few days to any shape or size by quoting the number or description. Cocoa Matting is kept in stock, 18', 22½", 27", 36", 45', 54', and 72" wide, from 1/4 to 2/0 per square yard, plain and bordered; and on stone or brick flooring is not to be equalled in wear. A large stock is also kept of—

NAPIER MATTINGS.

HORSE-HAIR MATTINGS.

MANILLA AND BELGIAN MATTINGS.

CHINESE AND INDIAN MATTINGS.

A great variety of India-Rubber Mats, made in solid form, without joins, are also kept in stock in the following sizes, costing from 2/0 to 2/6 per lb., and weighing about 1 lb. 6 oz. to 2 lbs. to the square foot:—

Stock sizes	...	27" x 18"	30" x 18"	33" x 18"	36" x 24"
-------------	-----	-----------	-----------	-----------	-----------

Other shapes and sizes for carriages, doorways, &c., can be made with names, monograms, &c. The cleansing properties of these mats are not to be surpassed, and, being reversible, are most durable.

FUR AND SKIN HEARTH-RUGS.

J. S. & Co. have a very fine assortment of Foreign Furs, namely:—

SILVER BEAR.

BROWN BEAR.

OPOSSUM.

WOLF.

FOX.

AUSTRALIAN BEAR.

TIGER.

LEOPARD, &c.

Some of which are mounted on best black goat and some on bear of various shades. A speciality is made of a black goat skin Rug which J. S. & Co. have themselves thoroughly cleaned, dressed, lined and padded.

A large stock is also kept of SHEEP-SKIN RUGS AND MATS suitable for Hearths, Carriages, Toilet Tables, Doorways, &c., &c., and are now dyed by new machinery, which causes them to maintain their colourings for a much longer period; they can be cut and lined to any size required.

CHURCH CARPETS AND SEATINGS.

CHURCH MATS, BOOK BOXES, &c.

PLAIN AND FIGURED WOOLLEN BAIZES.

OILCLOTH, LINOLEUM, CORTICINE, AND CORK CARPETS.

INTERIOR decoration having been carried to a point which necessitates, even in Floorcloths, harmonizing or contrasting effects, such as will please the taste, J. S. & Co. have had produced for them many artistic mosaics, inlaid tile and other designs in Oilcloths, Linoleum, &c. They have also recently made considerable addition to their storerooms for this description of goods, enabling Customers to see materials in the large body cloths and not from design books only. The best air-dried Oilcloths or Waxcloths as they are sometimes termed are made in large pieces, generally measuring about 33 yards long by 8 yards wide, having been seasoned from 12 to 18 months before they have left the printing room, the colours during that time have become well dried in the canvas backing and may then be relied on to wear well. J. S. & Co. keeping a considerable number of these huge pieces are enabled to cut out to plan, and generally lay them down in halls or rooms without any join. Turning from the best Oilcloths which are manufactured on pure flax canvas, J. S. & Co. have several lower qualities which are hardened by artificial processes, but although a good effect is produced they do not last nearly as well as those naturally dried, the virtue of the cloth being frequently absorbed by the great heat of the oven in which it is dried.

LINOLEUM AND CORTICINE

Are now so much improved in make that they have almost entirely superseded the Kamptulican formerly used.

Customers' own Curtains altered and re-made at reasonable charges, and J. S. & Co. undertake the cleaning and re-dyeing of every description of furnishing materials. Most articles can now be cleaned by a new process without being unpicked, consequently avoiding the expense of re-making.

The designs of Window Pelmet and Valances submitted can be made in various materials, prices according to quality and dimensions. J. S. & Co. have most of them fitted in their Show Rooms, with prices attached, to enable their Customers to make a selection. CLEANING AND DYEING DEPARTMENT.

For the convenience of Customers, J. S. & Co. are prepared to undertake the cleaning and dyeing of all descriptions of Furnishing Goods, at very moderate charges.

The Dry Cleaning Process is peculiarly adapted for renovating every description of Silk, Satin, Plush, Tapestry, Rep, or Damask Curtains and Draperies, as all goods cleaned by this process are restored to their original colours (fades excepted) without the slightest shrinking or deterioration of Fabric, and without the removal of Linings, Trimmings, or Ornaments.

Curtains suspected of moth can be both freed and cleansed at the same time by this process.

PATENT FOLDING COT BEDSTEAD.

Designed expressly for Children from 6 Months to 6 Years of age.

OPEN.

SHUT.

THE Folding Cot Bedstead is constructed of Hardwood, fitted with Bamboo or Ornamental Panels of Cane Work, fulfilling every sanitary condition required in a cot, combined with extreme lightness, strength, and pleasing appearance.

When not in use, it shuts into a small compass, for packing or storage, in one compact article, and has no loose laths or sides. It is nearly automatic in its action, and so simple that it is fixed and unfixed within half a minute, and so light that a child can carry it.

It is always ready for use, and cannot possibly get out of order.

Being so light and portable, it is not only admirably adapted for ordinary use, but for Hotels and Lodging Houses, Hospitals, Institutions, and for taking to the sea-side it will be found indispensable.

THESE Folding Cots are made by connecting two oblong frames with a strong fancy cord netting, and are supported by a vertical strut, one end of which is fixed to the upper frame, and the other to the cross bar that connects the standards, thus rendering them perfectly firm when open. The bottom is made of very fine sail cloth strained like a drum, and only requires a thin mattress.

They are made in various sizes, suitable for children of any age. Size for infants, 2ft. 9in. long; and for children from one to three years of age, 3ft. 3in. long. The No. 5 is also made "extra strong," for children from three to six years of age, 4ft. long.
